

Perpetual Elite Building Contracting is committed to its QHSE Management System that aimed provide highest level of products and service to its clients and to reduce our HSE Impact/Risk and continually improving our QHSE performance.

It is our priority to encourage our customers, suppliers, and all business associates to do the same to improve our commercial performance and leave a legacy to future generations.

To achieve these goals, we are committed to.

- Identify and evaluate all HSE hazards/aspects, and ensure that the risks associated with them are managed to an acceptable level.
- Plan, coordinate, and execute all operational activities in a manner that prevents and controls conditions that may cause harm to staff, clients, contractors, and visitors, whether through injury, work-related illness, or pollution.
- Foster intolerance for conditions and behaviours that contribute to incidents and injuries.
- Set QHSE targets and objectives, and continuously improve processes using an effective management system.
- Minimize our environmental impact by preventing pollution and reducing our consumption of natural resources.
- Engage with stakeholders and ensure that they have a clear understanding of our QHSE policies, standards, programs, and performance. Recognize outstanding QHSE performance.
- Comply with all applicable legal and other requirements related to QHSE to enhance the effectiveness of the Integrated Management System.
- Provide training to employees and foster their effective participation and consultation to improve OH&S system performance.
- Systematically evaluate and monitor the performance of external providers to ensure service quality and promote environmental protection, health, and safety improvements among them.
